Jl. Dakota No.8A Sukaraja Kec. Cicendo, Kota Bandung , Jawa Barat 40175 • +62 851-8723-8701 • dwiwahyuprivate@gmail.com • <https://github.com/dwiwahyu06> • <https://www.linkedin.com/in/dwi-wahyu-susilowati-39ab6a374/> • <https://dwi-wahyu-susilowati-portofolio.vercel.app/>

I have expertise in developing responsive and user-friendly web applications. I'm proficient in various programming languages and frameworks, focusing primarily as a backend developer using the Java SpringBoot framework. I possess excellent teamwork, communication, and problem-solving skills. I'm motivated to continue learning and developing in the field of web development.

PROJECT

Knit And Keep

Juny 2025 - Present

- A full-featured web-based sales system for thrifting businesses, including a payment gateway and address API integration. The application is built with React for the frontend, Java Spring Boot, and PostgreSQL for the backend.

Maison Belle Salon

January 2025 - May 2025

- A modern salon platform with service management and search features, built using React on the frontend and Express.js on the backend.

MasakApaHarilni

October 2024 - December 2024

- An interactive cooking recipe application featuring 50 recipes from various regions in Indonesia, equipped with favorite and search features using React, Tailwind CSS, Vite
